## **WEXER TRAINER**

Our newest product has been designed to engage and retain members that are not current group exercise users.

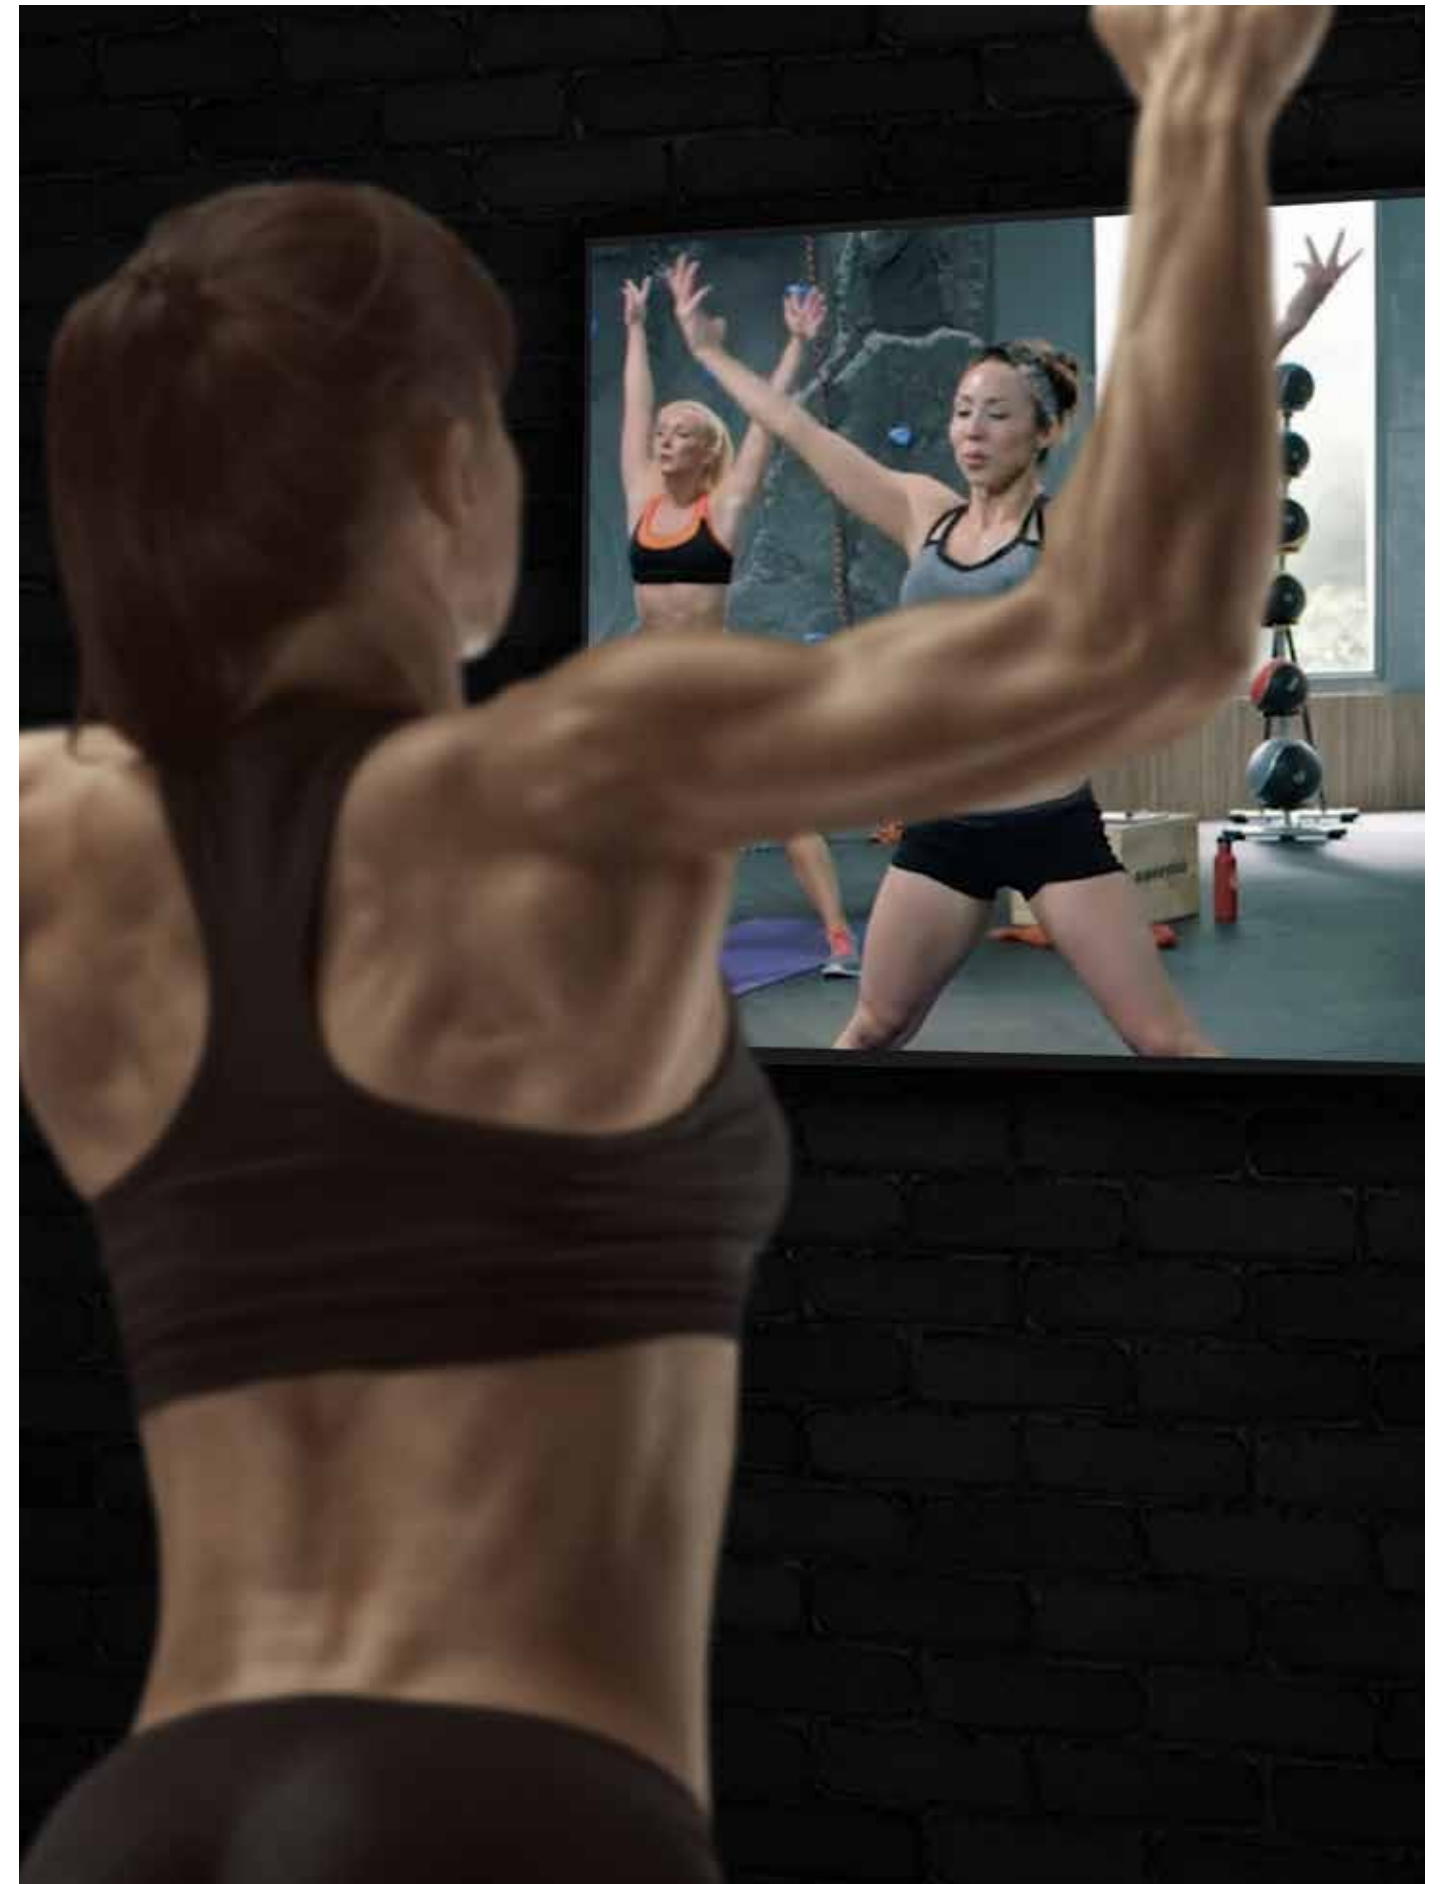

## **REACT NOW, OR RISK BEING LEFT BEHIND**

With Wexer, virtual fitness generates between 600% and 1000% return on investment from group exercise members alone. By adding Wexer to your functional areas you are engaging a new category of members and increasing profitability.

## **YOUR MEMBERS EXPECT DIGITAL EXPERIENCES**

To ensure your brand stays relevant, we provide the most advanced and intuitive technology, world-class virtual content and specialist support to guide you every step of the way.

# WEXER TRAINER FEATURES

## ATTRACT A NEW COHORT OF MEMBERS

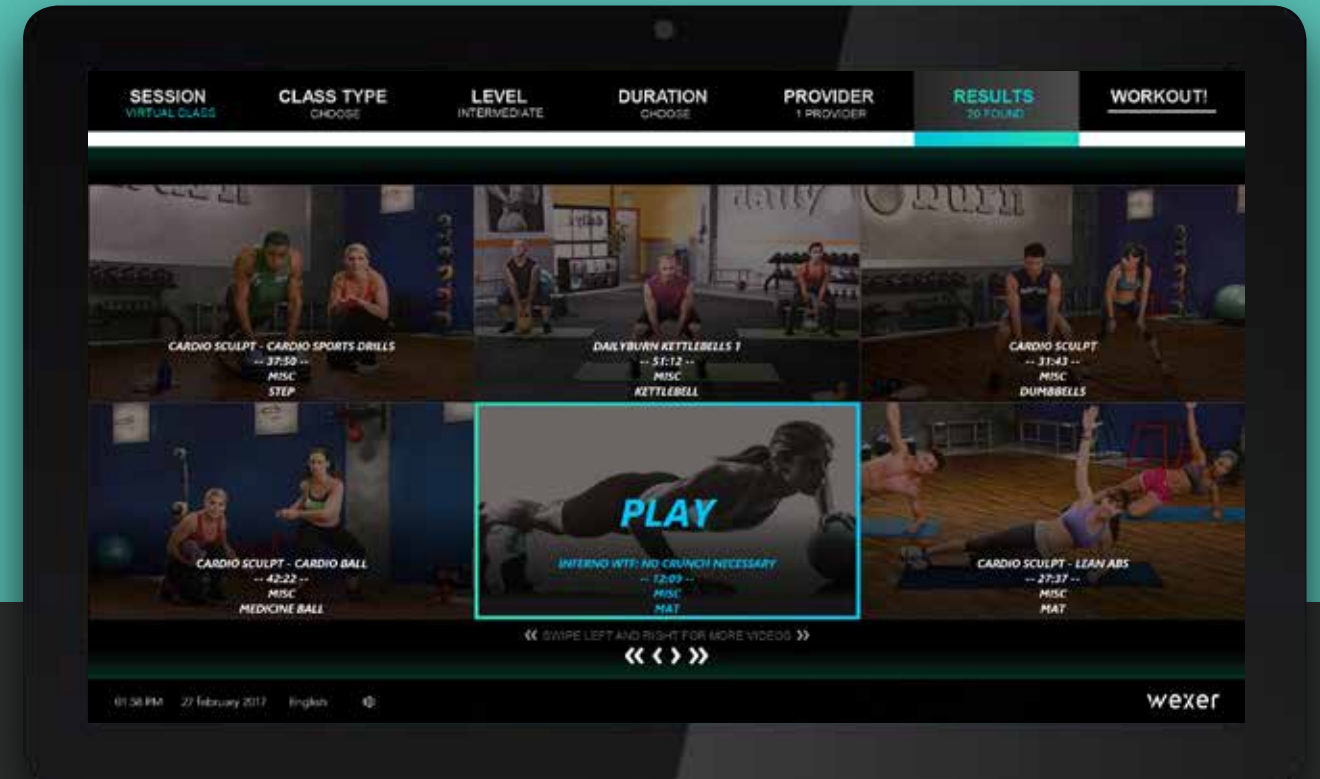

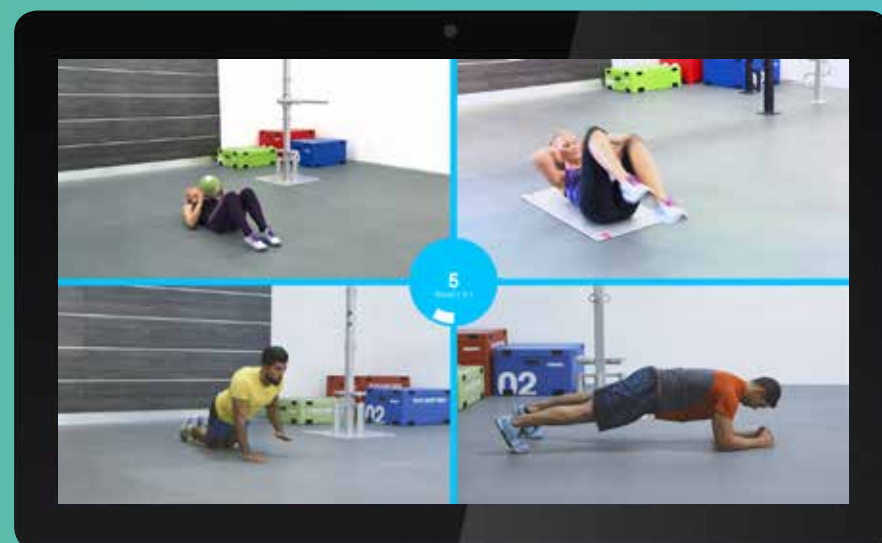

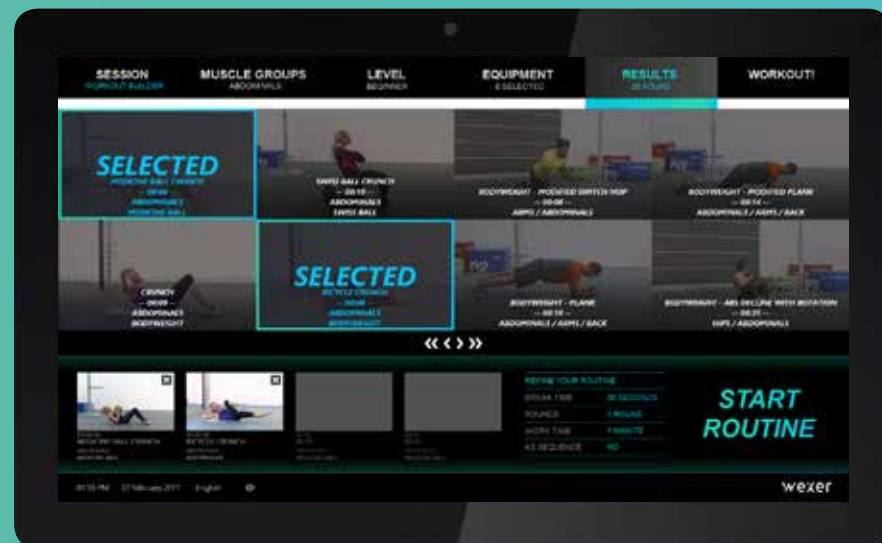

**Exercise library:** With more than 900 high-quality exercise videos, Wexer Trainer has something for every member. You can tailor your exercise library, whether that's based on which equipment is available or what exercises you think are likely to attract members.

- 01 EXERCISE LIBRARY
- 02 WORKOUT BUILDER
- 03 VIRTUAL FITNESS LIBRARY

## USE WEXER TRAINER TO EDUCATE MEMBERS

**Workout builder:** Enable members to create their own workouts from our library of over 900 exercises! Alternatively, personal trainers and staff can use Wexer Trainer to support small group training and personal training sessions. Our integrated timer makes it easy for members to stay on track!

## ENGAGE MEMBERS IN...

**Virtual fitness library:** With Wexer Trainer, your digital members can access more than 500 classes. We only work with world-class content providers who produce the most motivating and engaging virtual fitness classes. What's more, our model allows us to aggregate the most current content at the time which ensures your brand stays relevant to members!

## ***ADVANCED TECHNOLOGY***

# ADVANCED TECHNOLOGY

Wexer Trainer is an advanced touch screen unit that uses the latest technology to deliver digital fitness experiences.

Our technology is pre-loaded with an extensive library of exercises and virtual fitness classes, allowing your members to browse, preview and play content all through the Player. When new content launches, Wexer Trainer will automatically download them and store them locally on the hard drive.

## INSTALLATION

The Wexer Trainer Player is mounted onto a wall inside your gym which will be connected to your audio system and the internet. We recommend positioning Wexer Trainer in functional and open areas on your gym floor. Our AV specialists will oversee the entire installation process so there are no complicated procedures to go through!

## INTERNET ACCESS

The Wexer Virtual Player requires continuous access to the internet as changes and updates are provided online. Without internet access, operating stability cannot be guaranteed and new videos cannot be downloaded. The recommended internet download speed is at least 10 megabits per second.
